

HOW TO REDEEM YOUR COMPTIA ACCESS CODES

A step-by-step guide on how to redeem your access codes and start your cybersecurity journey.

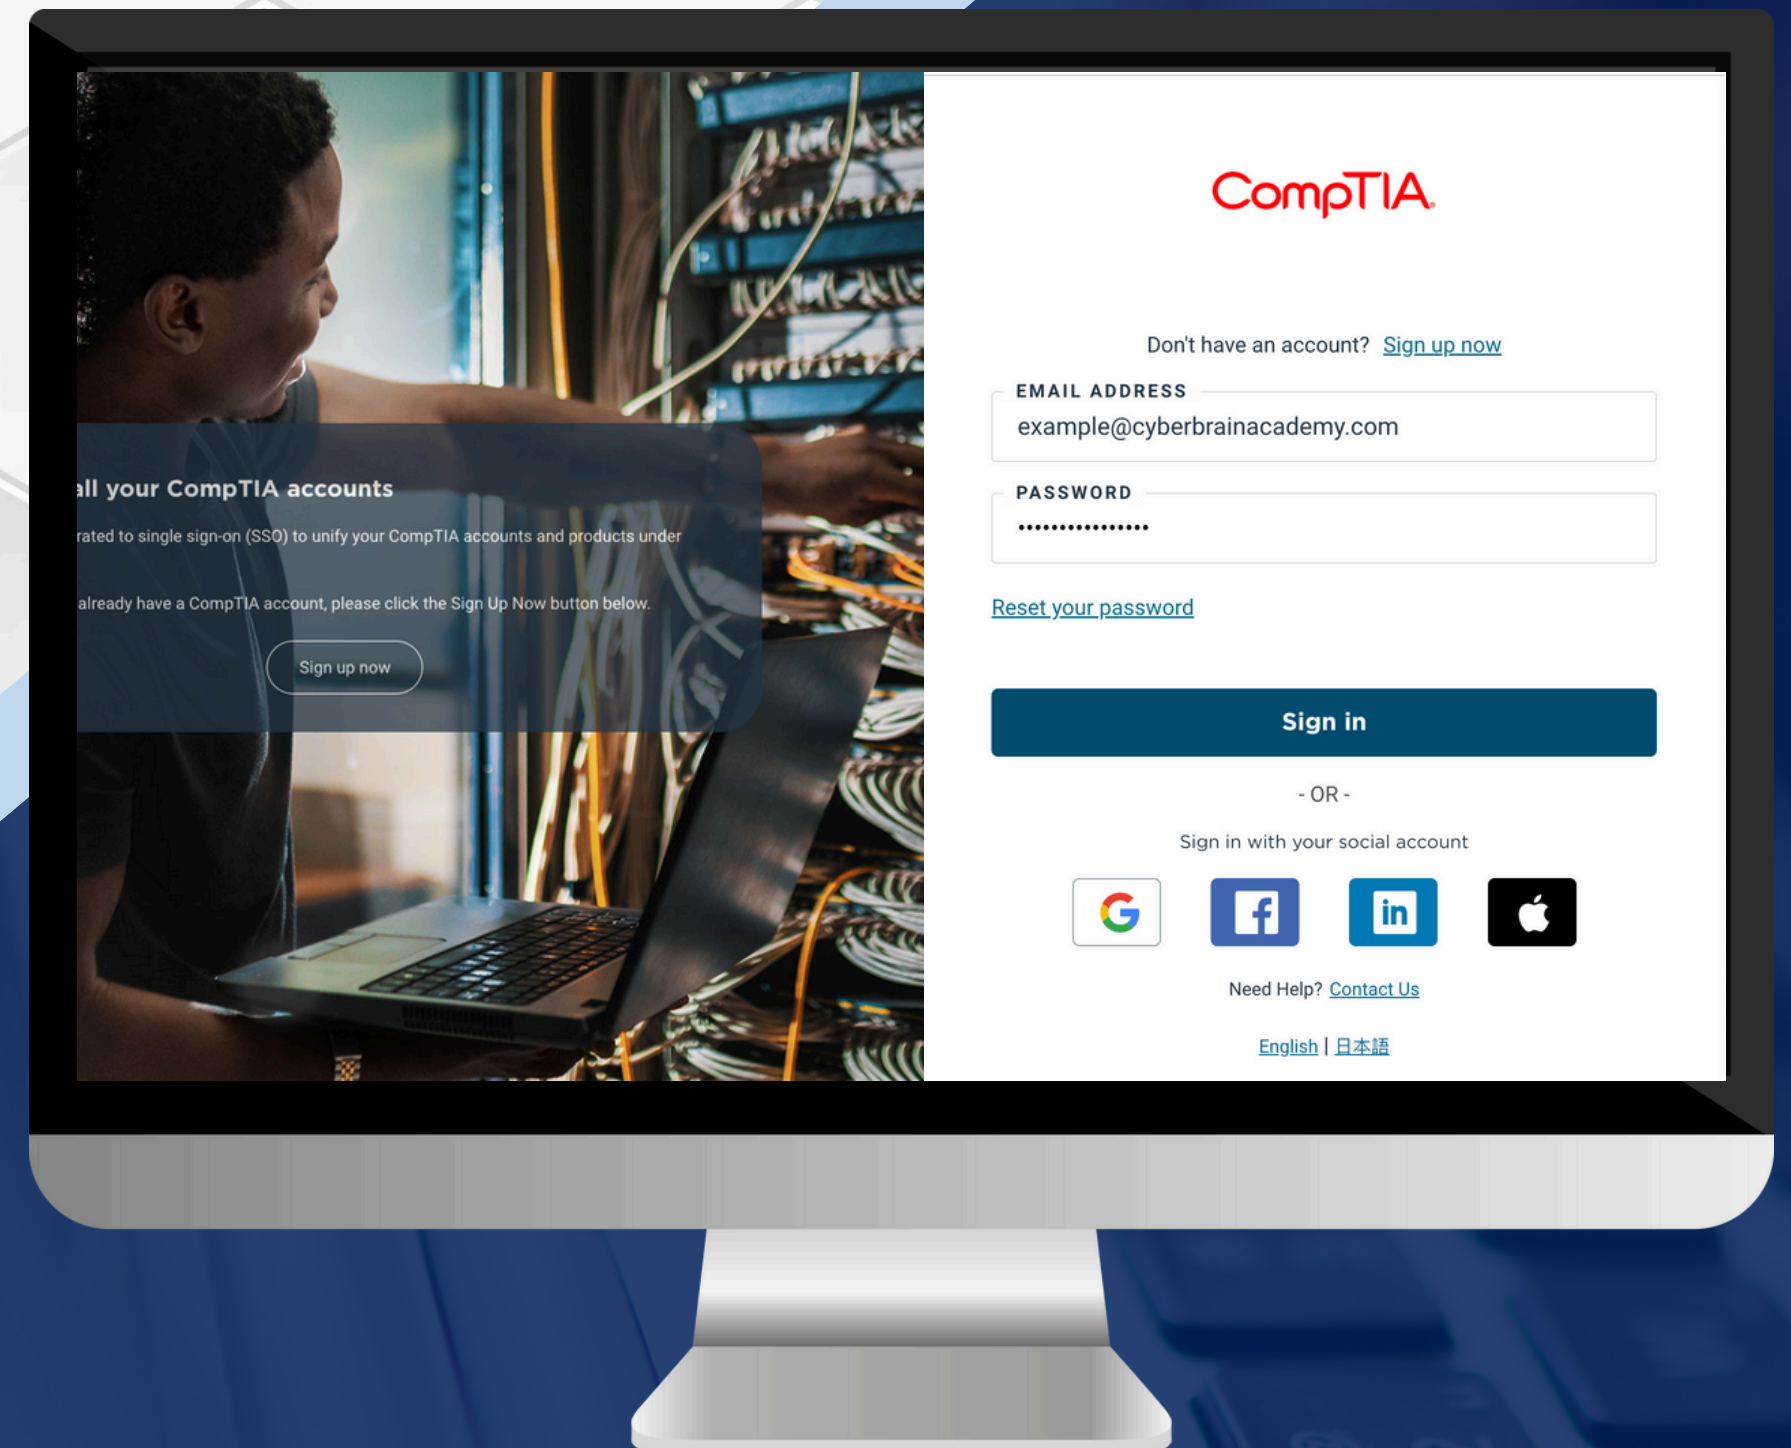

STEP 1: CompTIA Login

In order to redeem your access codes you will first need to log in to your CompTIA account.

Visit <https://login.comptia.org/#redeemAccessKeys>, to log into your CompTIA account.

If you do not have an account with CompTIA, then you will need to create one in order to access your codes.

STEP 2: Activate Access Keys

Once you have successfully logged into your CompTIA account, you will then need to go to the tab labeled “Redeem Access Keys”.

Next, you will need to enter your “training product access keys”.

Your access keys were emailed to you prior to the beginning of your training.

Copy and paste each access key into the provided field.

***Make sure that there are no spaces when entering the access key as this will result in an invalid code message.**
